

HEARTS AROUND HARTZ

SMALL TOWN, BIG HEARTS

HEART #2

ARTIST: LEE BURG

Artist's Inspiration:

"I was very happy to work on this project! The checkered pattern is often associated with the game of chess, ska music, and 2-tone ska music that originated in the 1970's. The heart I drew in the center represents general humanity and the idea that anything can look different, depending on how one sees it."
